

THE GREEN GUARD TURF

TOUR MASTER

- Texturized PE yarn system for professional performance
- Field & olive green bi-color surface for a natural look
- Built for multi-functional use with durable UV stability

General Features

Application	Putting Green / Multi-functional
Color	Field & Olive Green Bi-color
Accreditations	Professional

PRODUCT SPECIFICATION

Yarn Characteristics

Structure	Texturized
Composition	PE
Dtex	6000
Yarn thickness	330±20 µm
Yarn width	1.5±0.1 mm

Turf Characteristics

Total Weight	85 oz per square yard
Face Weight	58 oz per square yard
Pile Height	16 mm ± 2 mm
Gauge	3/16 inch
Density	84,000±100 stitches per square meter

Backing Characteristics

Primary backing	PP+PP
Backing weight	5.90 oz/sq yd
Latex weight	22.1 oz/sq yd ±10%
Carpet tuft withdrawal	≥40N

Manufactured Rolls

Roll width	4.57m / 4.0m / 2.0m
Roll width (feet)	15 ft / 13.1 ft / 6.6 ft
Roll length	On request
Yarn color fastness	Grey scale ≥4

Performance & Infill

UV stability	>5000 hrs	Water permeability	>2000 mm/hr
Number of strands per tuft	8 strands	Stitches per 10 cm	40±1
Particle size range	0.315–0.8 mm	Particle shape	Round
Bulk density	1.28 g/cm ³	Application rate	12 kg/sqm

Clean & Safe

Anti UV

Putting Green

Soft

Natural look

Great resilience

All weather

Low Maintenance
